

The Clovis News

VOL. 7. NO. 29.

CLOVIS, CURRY COUNTY, NEW MEXICO, OCTOBER 23, 1913.

\$1.00 PER YEAR

"EDUCATIONAL SPECIAL" TRAIN.

**Will Stop in Clovis Monday Nov. 17th
From 8:15 to 10 A. M.**

Mr. H. M. Bainer, chief agricultural demonstrator for the Santa Fe system and well known as one of the leading agriculturists of the southwest and a staunch and dependable friend of Clovis and Curry county, announces that the "Educational Special" train of the Santa Fe will stop in Clovis from 8:15 to 10:00 a. m. Monday November 17th.

Equipped with dairy and dairy equipment, poultry and poultry equipment, better farming appliances, domestic science and home welfare, demonstration equipment, in addition to a number of other distinctive features, this train is doubtless the best ever introduced into this section of the state.

This is a part of the great educational and demonstrational scheme inaugurated months ago by the Santa Fe system and is so diversified that every man and woman in and around Clovis, will find useful and easily applied information in connection with the visit to the train.

"Better Farming" is the general topic chosen by Mr. Bainer, and in this he will branch into allied subjects, dealing with them in a comprehensive and readily understandable manner. A farmer by rearing, by training, through teaching in leading colleges and four years in demonstration work in the prairies and plains of the southwest, Mr. Bainer comes to Clovis in a class as an instructive lecturer, that is not crowded. His talk will be to the point and free from useless ornamentation, rich in its powers and adaptabilities to our every day needs.

The subject "Our Farm Poultry" will be handled by Mr. L. L. Johnson, poultry expert and assistant agricultural demonstrator in the Amarillo office. Mr. Johnson knows poultry like a perfect "fan" knows baseball—he can tell it from either end of the string, and will include timely suggestions on marketing, on culling, on feeding, breeding, protection against insects and disease and other valuable details of the business, showing a sure route to profit through the hen.

Believing that the dairy cow is indispensable to the best development of this section, Mr. Bainer has provided a means for the exploitation of this phase of farm advancement, and Mr. J. D. Tinsley, agricultural demonstrator for the Gulf, Colorado and Santa Fe at Brownwood, will talk on "Dairying and Siles." This address will include the handling of dairy products together with breeding, feeding and finishing beef stock.

Not satisfied that the needs of the entire citizenship of Clovis and surrounding country should be met in combination, Mr. Bainer, has secured two

lady experts, direct from the Texas University at Austin, Texas to talk to the ladies of our community exclusively, in a car specially prepared for their comfort on domestic science and home welfare topics. These lecturers are among the most widely known educators in their line in the Lone Star State and the Women's Clubs in many places will hear them en masse. When the lectures shall have been closed, the ladies in attendance will be given souvenirs in the form of printed matter containing that which is best in the recipes, rules and suggestions to be kept as a reminder of the train's visit.

Mr. J. L. Pope, chief clerk of the department will be with the train as general publicity man and bureau of information, being glad to hear and answer questions.

Bank Will Liquidate

The Savings Bank of Melrose started voluntarily to liquidate. There is a national bank at Melrose and the town was not large enough for two banks, it is said. The depositors will be paid in full and turned over to the national bank. It had about \$11,000 in deposits at its last report, and was capitalized at \$15,000.

Bank at Taiban Closes.

News was received here this week of the closing of the bank at Taiban, New Mexico, in Roosevelt county. Taiban is located about forty-five miles west of here and is a small stock and farming shipping point.

In Charge of Taiban Bank

Charles E. Dennis has been placed in charge of the savings bank of Taiban which was closed by the state bank examiner, and will have charge pending the closing of its affairs.

Mr. and Mrs. Chas Acres went to Belen, Tuesday.

Senator McCoy and family of Mountainair have moved to Clovis this week.

C. C. Callicutt has severed his connection with the Lyceum.

Judge and Mrs. R. E. Rowells left the early part of the week for Hugo, Okla., their future home. Both the Judge and Mrs. Rowells have made many friends during their stay in Clovis and the good wishes of all go with them in their new home.

Mr. and Mrs. W. B. Dodson and son Willie arrived last week from California where they have been for the past several months enjoying the California breezes. They will remain in Clovis for several weeks over-seeing their interests here, after which they expect to go to Ft. Worth, Texas to make their future home.

High Committed

Jake High has been committed to the county jail to serve his sentence of four and a half months for assault on S. H. Holland. A petition of four or five hundred names was presented to the Judge asking for a commutation of the sentence.

Antlers Hotel Under New Management.

Gov. Sulzer Thrown Out

**High Court of Impeachment
Declares it in a Vote of
Forty-three to Twelve.**

Albany, N. Y., Oct. 17.—William Sulzer ceased to be governor of the State of New York at noon today. He was removed from office by the high court of impeachment, by a vote of 43 to 12, two members not voting.

Martin H. Glynn, lieutenant governor, was sworn in as his successor.

The verdict of the court was that Sulzer was guilty of falsification, perjury and an attempt to suppress evidence against him. Of all other charges, he was acquitted. The court today unanimously voting him not guilty of the four remaining articles of impeachment.

By a virtually unanimous vote, also the impeachment tribunal decided that Sulzer should not be punished by disqualification to hold office of honor and trust in this state in the future. This would have been the extreme penalty under the law.

The ousted executive was served with a copy of the verdict of the court at the executive mansion—christened by himself the "Peoples House"—a few minutes before 6 o'clock tonight. Mr. Sulzer, private citizen, will leave the capitol probably on Sunday—for where, he has not disclosed.

Moran Moves

The Moran Drug Store was moved this week from the corner opposite the First National Bank into the building formerly occupied by Meacham's haberdashery.

The new quarters affords ample space for a commodious rest room, which is for the free accommodation of the customers of the store.

The interior is being entirely renovated.

The News scribe and ex-scribe enjoyed a jaunt in Jim Bishop's new Buick car last Sunday. Jim has the most attractive car of its kind in this section of the country and he knows how to run it.

FARWELL-PARMERTON ELECTION

Result of Saturday's Election in Parmer County Close.

The official returns of the county seat election, in Parmer county, Texas, located just across the line from Texico, gave Farwell 110, Friona 3 and Parmerton 114. The Presiding Judge decided that since Parmerton did not have a majority over all, that the county seat would remain at Farwell.

The election was held to determine whether the court house should be removed from Farwell to Parmerton, champions of the latter town claiming the county site as it is located nearer the center of the county. The campaign was vigorously waged, the entire citizenship of Parmer county manifested deep interest, which will remain at highest pitch until the contest is finally decided.

The Antlers hotel has been leased by Mesdames Smith and Shoup, who are having it completely renovated and rearranged. They will also open the dining room, which has been closed for some time and will cater especially to the traveling public.

Dr. Carl C. Blake

An experienced veterinarian has located in Clovis, having opened an office in the Paul Mersfelder Livery. Mr. Blake comes very highly recommended as one of the best in his profession. A phone call at Mersfelders, No 27 will get him.

DIED.—James S. Powers died in this city Saturday at 8:00 o'clock and the remains were shipped to Greensburg, Indiana. The deceased came to Clovis about three and a half months ago from Oklahoma City in the vain hopes that this climate would benefit his health. He leaves a wife, two sisters and mother in his native state. He was a member of the Elks, Masons, Odd Fellows and K. P. lodges. During his good health he held a number of important offices, including the County Clerkship of Oklahoma City. His remains were in charge of undertaker, C. V. Steed.

Texico Notes.

Mr. Chaney, who lives about three miles southwest of Texico is putting up another silo on his farm which will hold 200 tons. Both of his silos holding 400 tons.

Mr. Kennedy, of Texico, is harvesting his bean crop which is about one mile Southwest of town. He has in forty acres of the "Pink" bean.

Hugo Kleemann, who has bought the "Barney Fowler Place" has recently moved on to it from his place twelve miles south.

Mr. Z. Harvey, who lives five miles west of Texico, lost his little five year old son, who, after an illness of several weeks passed away and was laid to rest in the Texico cemetery on Sunday afternoon.

Mr. Gus Lehmann has let the contract of painting and papering his new house to Mr. G. Bell, of Texico.

Feterita Makes Good.

In a special dated Tulsa, Oklahoma Oct., 23d we glean the following:

The agricultural surprise of the southwest this year is Feterita. It is a grain sorghum of comparatively recent introduction into this country. Proclaimed by a few men as the greatest drouth-resistant crop ever introduced into the southwest and scoffed at by many, feterita has upset all calculations this year by making good on nearly every claim which was advanced for it. It has produced good yields under the most severe conditions of drouth in all sections of Oklahoma, Kansas and Texas. When even the old time drouth resisters, kafir and milo, withered and died under a blazing sun feterita stood green and continued to grow into profitable yields.

So great an interest has been aroused in the new crop that the International Dry-Farming congress is planning a special department for it in the exposition which begins at Tulsa, on October 22nd. Samples of feterita from half a dozen states will be on exhibition and in addition to a number of special awards, a fine Fuller-Lee press disc drill, valued at \$75.00 will be given for the best peck shown. The drill is donated by the Manufacturing company of Kansas City in order to encourage the growing of the new and important crop, and it is expected that competition will be unusually keen because of the good yield shown this year.

Orville Campbell is now door-keeper at the Lyceum and greets all theatre goers with that broad smile that won't wear off.

Stanfield & Gryder of the Clovis Feed Store are now ready to fill your order for Groceries Hay, or Feed. Phone 43. tf
